He Pays a High Tribute to the Ster-Worth of N. D. Root-Local Railroad Notes.

immediately after the funeral of the late N. D. Root, President Oakes issued the following circular: "On the afternoon of the 12th instant, at Tacoma, Wash., in the discharge of his duties, Mr. N. D. Root, assistant general superintendent, was fatally injured and survived but a few hours. "This is a grevious loss, personal and Smith, H. H. Snot Spiegelberg, W. S. Stick Strobel, John Stron Strand, Lewes Sulli Sundt, John Andreassen Sullivan, Daniel Thomas, Charles Tho official, and is scarcely less keenly felt by

the undersigned and other associates of the deceased than by the bereaved family; while to the Northern Pacific Rallroad company it seems almost irreparable.

company it seems almost irreparable.

"Mr. Root entered the employ of the company in December, 1881, as chief dispatcher of the Minnesota division at Brainerd, having previously served the Michigan Central and other companies in similar capacities. His excellent qualities of mind and heart were soon discovered by his new employers, and he was in the following year given the title of train master, and in [1883] that of assistant superintendent. A vacancy occuring in May, 1887, he was appointed superintendent of the Montana division and branches, but in the following fail returned to assume the full title of superintendent of Minnesota and Wisconsin division and branches, this in many respects being the most responsible office of that grade on the line. In December, 1888, he was selected for the office of assistant general manager in charge of middle divisions by reason of his eminent fitness for such preferment, and on Feb. 1 inst., under a reorganization of the operating depart ment, his title was changed to assistant general superintendent, involving materially extended jurisdiction and responsibilities.

"While the loss of so estimable a husband

"While the loss of so estimable a husband and father, so amiable an associate and friend, so efficient an officer, is sincerely mourned, it should be a source of consolation to his family and others that his professional success was well earned, and that his character and career were not only above reproach, but are to be remembered with pride and satisfaction.

T. F. OAKES,

President and General Manager."

The Boulder Canyon Route. ntinel: The party under Messrs. Forshay and McHenry, division engineers of the Northern Pacific railroad, which left here last November, are now on their return to this place on a survey via the Jefferson canyon. Friday morning they were erson canyon. Friday morning they were surprised to find a party of Union Pacific engineers and graders at work on the old Utah Northern grade near the mouth of the Boulder river. What this movement on the part of the Union Pacific is, can only be surmised, but in all probability they are going to make strenuous efforts to keep the Northern Pacific from using the canyon, the latter in places leaving barely room for one road, let alone two, unless one of the two roads is placed at a great expense in river crossings.

The Northern Pacific engineers will be here in a few weeks if everything works in a smooth manner.

Notes and Personals. From a reliable source it was stated yesterday that in the construction department of the Northern Pacific the advisability of adopting the Pipestone pass for the new branch into Butte is under discussion, with fair prospects of this line route being decided upon. In this event the Boulder and Gallatin recently staked out will probably be abandoned. Some immediate action will be taken, however, as a short line to Butte for the transportation of Rocky Fork coal will soon have to be constructed.

acknowledged by all to be simply marvelous. It is exceedingly pleasant to the
taste, perfectly harmless, and does not
sicken. In all cases of consumption,
coughs, colds, wheoping cough, eroup,
bronchitis and pains in the chest it has
given universal satisfaction. Dr. Bosanko's Cough and Lung Syrup is sold at 50
cents by R. S. Hale & Co. last night to celebrate the admission of Montana.

The many friends of Conductor W. E. Preston, who had charge of the train running between here and Hope, will hear with regret that he will probably lose the sight of one or both eyes. His case is a very sad one, considering his youth. He is receiving the best of care at St. Peter's hospital, and among his constant attendants is a young lady to whom he is engaged. His trouble arose from granulation of the eyelids. About two weeks ago an operation; was performed by a local oculist which had an effect for the woree. He feels his loss greatly, which adds to the sadness of the case. The chief surgeon of the Northern Pacific is expected to arrive to-day for the purpose of visiting Mr. Preston and looking into his case.

Chief Engineer Kendrick did not accompany Supt. Ainlie as reported. From St. Paul he sent a dispatch to Agent McCaig at Butte, tendering the services of a corps of Northern Pacific engineers to make the survey of the Pipestone Pass. The Butte board of trade promptly refused the offer. Their reason for this is given that they don't propose to take any chances on having what they termed "another doctored report" submitted on this route. They will employ their own engineers.

General Superintendent Ainslie and M.

O. Kimberly left on last evening's delayed
Northern Pacific train. The new assistant
superintendent is being made acquainted
with his duties by Mr. Ainslie. Their tour
will extend to Portland, at which point Mr.
Kimberly's jurisdiction ends. It is with
no small degree of interest that the employes along the line are awaiting the development of Mr. Kimberly's policy.
Whether he will make any changes has not
been given out, but it is supposed he will.

Joseph McCabe, chief dispatcher of the
St. Paul division of the Northern Pacific,
has been promoted to superintendent of
the division to succeed Mr. Kimberly, whe
succeeds Mr. Root as assistant general superintendent.

It is understood that the Northern Pacific Manitoba Railway company, which is the Northern Pacific in Manitoba, will apply to the dominion government for a character to build into the province of Assinations.

Arrangements are being perfected in St. Paul for seven Raymond excursions over the Northern Pacific next summer for the Yellowstone Park and Pacific coast. Superintendent of Motive Power Small and Traveling Engineer Ritchteen of the Northern Pacific were in town last night on their way to the east.

A. P. Frye, of the Lake Shore & Michigan Southern, arrived yesterday.
W. J. Footner, of the Montana Central, returned from St. Paul yesterday.

I was suffering from an unusually bad cough, my lungs were sore and congested, and I consulted one of the best physicians in Helena, whose prescriptions failed to relieve me. I became alarmed, and at the suggestion of a friend purchased a bottle of Acker's English Remedy for coughs, and after taking it according to directions was completely cured. I therefore cheerfully recommend it. JACOB SWITZER. I had a racking cough and inflamed throat and bought a bottle of Acker's English Remedy upon the recommendation of a friend, and was entirely cured by it. I consider it a never failing remedy for a cough. Acker's anglish preparations are for sale in Helena only by R. S. Hale & Co.

Do you feel dull, languid, low-spirited, life-less, and indescribably miserable, both physically and mentally; experience a sense of fullness or bloating after eating, or of "goneness," or emptiness of stomach in the morning, tongue coated, bitter or bad taste in mouth, irregular appetite, dizziness, frequent beadaches, blurred eyesight, "floating specks" before the eyes, nervous prostration or exhaustion, irritability of temper, hot flushes, alternating with chilly sensations, sharp biting, transient pains here and there, cold test, drowsiness after meals, wakefulness, or sisturbed and unrefreshing sleep, constant, indescribable feeling of dread, or of impending calamity?

If you have all, or any considerable number of these symptoms, you are suffering from that most common of American maladies—Bilious Dyspepsia, or Torpid Liver, associated with Dyspepsia, or Indigestion. The more complicated your disease has become, the greater the number and diversity of symptoms. No matter what stage it has reached, Dr. Pierce's Golden Medical Discovery will subdue it, if taken according to directions for a reasonable length of time. If not cured, complications multiply and Consumption of the Lungs, Skin Disease, or other grave maladies are quite hable to set in and, sooner or later, induce a fatal termination.

Dr. Pierce's Golden Medical Discovery acts powerfully upon the Liver, and through that great blood-purifying organ, cleanses the system of all blood-taints and impurities, from whatever cause arising. It is equally efficacious in acting upon the Kidneya, and other excretory organs, cleanses. As an appetizing, restorative tonic, it promoted digeation and nutrition, thereby building up both fiesh and strength. In malarial district, this wonderful medicine has gained great celebrity in curing Fever and Ague, Chills and Fever, Dumb Ague, and kindred diseases.

CURES ALL HUMORS. It is a calamity of the direst kind to feel that one's physical energies are falling in the prime of life—to feel more nerveless, more dispirited, weaker every day. Yet this is the unhappy lot of hundreds who surround us. A source of renewed strength surround us. A source of renewed strength which science approves, in behalf of which multitudes of the debilitated have and are every day testifying, and which, in countless instances, has built up constitutions sapped by weakness and infirmity and long unbenefitted by other means, surely commends itself to all who need a tonic. Hostetter's Stomach Bitters is such a medicine—pure, botanical, soothing to the nerves, promotive of digestion and a fertilizer of the blood. Dyspepsia and nervousness—the first a cause, the second a consequence of lack of stamina—depart when a course of the Bitters is tried. All kinds of maiarial disease, rheumatism, kidney and bladder trouble, constipation and billousness are annihilated by this standard family medicine. FOR THE BLOOD IS THE LIFE."
